

RVG 6200 Testimonials

RVG 6200 Testimonial from Dr. Belliard:

"My God.... This sensor is marvelous!!!"

-Dr. Belliard
Guadalajara, Spain

RVG 6200 Testimonial from Dr. Gérard Damelincourt:

"The most accomplished of all the sensors I have used (image and workflow)."

- Dr. Gérard Damelincourt
Lognes, France

RVG 6200 Testimonial from Dr. Bradley Dykstra:

"Carestream Dental's RVG 6200 continues the evolution of digital sensors. The system itself is very user friendly, and my staff loves that it's always ready to use—no need to push any buttons before acquiring an image.

The filters and sharpness slider are also great features in the updated Imaging software. It's nice to be able to choose various degrees of sharpness when looking at an image. p>

Overall, I would recommend the new RVG 6200 intraoral sensor for both its intuitive design and software capabilities."

-Dr. Bradley Dykstra
Hudsonville Dental Associates

RVG 6200 Testimonial from Dr. Gary Jacobson:

"I have been using the RVG 6200 and CS Adapt for the past year; I really like the improved image quality and the customizability of the filters. These improvements allow me to practice Endodontics in a faster and more efficient manner."

-Dr. Gary Jacobson
Jacobson Endodontics
Newmarket, ON, Canada

RVG 6200 Testimonial from Dr. Francis Pailler::

"The timer image speaks for itself! 3 seconds is the time between the exposure triggering and the visualization of an impeccable dental radiological image. Who could do better?!!!"

-Dr. Francis Pailler

Montelimar, France

RVG 6200 Testimonial from Dr. Bernard Kurdyck:

"A lightweight, simple and efficient sensor, which gives an optimal visual quality, and backed by a high performance software."

-Dr. Bernard Kurdyck

Paris, France
